EXECUTIVE ANALYTICS BRIEFING

Customer Shopping Behaviour Analysis

Insights across 3,900 transactions evaluating demographics, spending velocity, subscription economics, and loyalty pathways.

Python & PostgreSQL Pipeline

Power BI Business Reporting

TRANSACTION OVERVIEW

Dataset Scale & Core Benchmarks

3,900

Total Purchases

Spanning 50 distinct locations.

$59.76

Average Spend

Stable median baseline purchase.

3.75

Average Review

Consistent 5-point customer score.

$233K

Total Revenue

Combined dataset gross volume.

METHODOLOGY & WORKFLOW

Data Pipeline & Feature Preparation

Median Imputation

Category median applied for 37 missing ratings.

Standardization

Schema converted to unified snake case format.

Feature Engineering

Binned demographic age groups and dropped redundancy.

SQL Warehouse

Clean DataFrame exported into PostgreSQL tables.

DEMOGRAPHIC INSIGHTS

Gender Contribution Disparity

Male Shoppers

67.7% of Total

$157,890

2,652 verified purchasing customers.

Female Shoppers

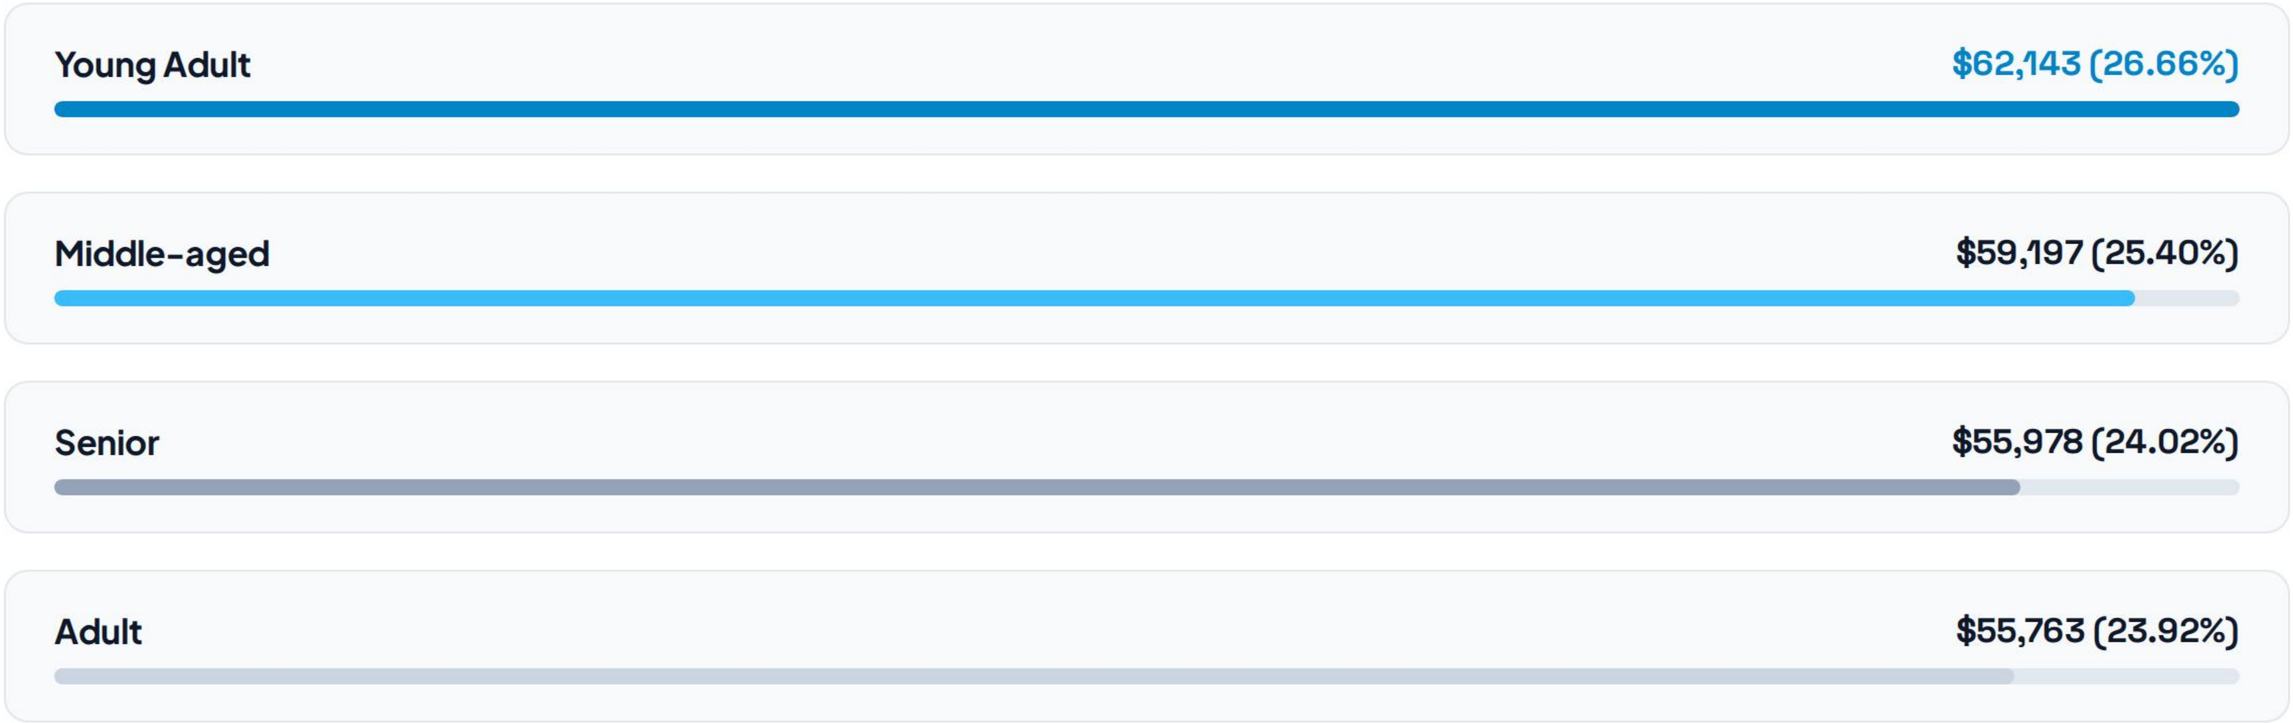

32.3% of Total

$75,191

1,248 verified purchasing customers.

COHORT SEGMENTATION

Balanced Age Group Revenue Distribution

SUBSCRIPTION UNIT ECONOMICS

The Subscription Spend Parity

SUBSCRIBERS (27%)

$59.49

Average Basket Size

1,053 customers driving $62,645 total revenue.

NON-SUBSCRIBERS (73%)

$59.87

Average Basket Size

2,847 customers driving $170,436 total revenue.

CUSTOMER SEGMENTATION

Customer Base Loyalty Breakdown

DOMINANT CORE

3,116

Loyal Customers

79.9% of full customer population.

NURTURE TIER

701

Returning Segment

Target for recurring purchase retention.

ACQUISITION

83

New Customers

Opportunity for onboarding activation.

MERCHANDISING MIX

Top Performing Products by Category

CATEGORY	RANK 1	RANK 2	RANK 3	PEAK VOLUME
Clothing	Blouse (171)	Pants (171)	Shirt (169)	**1,737 items**
Accessories	Jewelry (171)	Sunglasses (161)	Belt (161)	**High margin**
Outerwear	Jacket (163)	Coat (161)	Sweater (164)	**High discount %**
Footwear	Sandals (160)	Shoes (150)	Sneakers (145)	**Top review score**

QUALITY VS MARGIN ANALYSIS

Satisfaction Drivers & Discount Exposure

⭐ Top Rated Products

Gloves: 3.86 average score.

Sandals: 3.84 average score.

Boots: 3.82 average score.

Hat: 3.80 average score.

🏷️ Discount Exposure

Hat: 50.00% discounted orders.

Sneakers: 49.66% discounted orders.

Coat: 49.07% discounted orders.

Sweater: 48.17% discounted orders.

ACTIONABLE STRATEGY

Core Business Recommendations

1. Rework Subscription Tiers

Provide exclusive discounts to lift subscriber basket spend above $59.49.

2. Monetize Repeat Buyers

Target the 2,518 non-subscribed repeat purchasers with onboarding incentives.

3. Calibrate Discounting

Curtail 50% promo dependence across outerwear and seasonal apparel.

4. Target Express Logistics

Promote premium shipping options tied to higher basket values.

EXECUTIVE SUMMARY COMPLETE

Turning Behavioural Data Into Growth

Open for questions on customer segmentation models, discount strategies, and subscriber retention roadmaps.
